5 reasons to join YECSI

Advocacy/Representation – Our mission is to create a vibrant environment for young entrepreneurs to flourish and grow their businesses. Through a strong collaborative relationship with national stakeholders such as the Government we advocate on behalf of YECSI members on issues of interest. YECSI is your voice to drive change in the Solomon Islands in order to create the entrepreneurial environment you need. For example: Legislative change like tax reform and finance.

Access to seed capital – YECSI recognizes that young entrepreneurs in the Solomon Islands have big aspirations to create phenomenal businesses and organizations that solve our problems. Take the first step towards your aspirations by joining YECSI and participating in our national seed funding competitions and accelerators.

Invest in yourself – We will provide a platform where you can invest in yourself and your business by learning new skills and applying new ideas into your business. YECSI will facilitate trainings and workshops aimed at strengthening and building your business capacity through engaging the relevant experts. For example: Mentoring/Training, Business Training (business plan, vision, book keeping).

Networking – Join YECSI and network with other likeminded individuals while sharing, learning and discussing issues affecting the Solomon Islands. Through the YECSI network stay connected, informed and build useful contacts within the business community in the Solomon Islands. YECSI provides the networks and opportunities for your business to link up and explore business opportunities with members and also visiting trade missions and companies.

Mentorship – YECSI recognizes mentorship as a key ingredient to ensuring young entrepreneurs success. Through a strong relationship with SICCI, YECSI will provide an innovative platform where you can gain access to experienced mentors from the private sector. Grow your business to reach a professional level by learning from experienced mentors.
