1. OVERALL STRATEGY

Solomon Islands Government remains committed to its overall strategy on COVID-19 to *protect all Solomon Islanders and all people living in Solomon Islands, to keep the economic engine of the country going, and to position the country to emerge from this challenge stronger and united*. This strategy is the foundation of our COVID-19 Preparedness and Response Plan, and other measures implemented by the Government.

The National Disaster Council (NDC) Arrangement is employed as the country's whole of Government response approach in the coordination of COVID-19 through the National and Provincial Disaster Operations Committees (N-DOC and P-DOC). The N-DOC and P-DOC through its Sector Committees COVID-19 Preparedness and Response Plans are contributing to the health, social and economic security of the people of Solomon Islands through approaches that minimise the risk of importation of COVID-19, minimize the spread, reduce morbidity and mortality, and minimize and manage societal disruption, and psycho-social and economic impacts of COVID-19.

2. KEY HIGHLIGHTS

- Solomon Islands has so far recorded 17 COVID-19 cases.
- Out of the 17 COVID recorded cases, 9 have recovered (returned negative test results).
- The total number of active cases to date stands at 8.
- Total persons remaining in SIG Quarantine Stations as of 02nd December 2020 stands at **159**.
- Eleven (11) persons still remain in Isolation at the National Referral Hospital (NRH) Isolation Wards.
- Total persons in quarantine inclusive of SIG Quarantine Stations and Isolation Wards is **170**.
- The next repatriation flight is scheduled for 6th December 2020. This repatriation flight will bring in nationals and foreigners from New Zealand and further flights are also being planned for December.
- [Joint Travel Advisory No.4](#) issued by the Government dated 21st March 2020 is still in force. All incoming travellers are requested to take heed and comply with it.
- As of 29th November 2020, Ministry of Health and Medical Services (MHMS) have conducted 4,731 COVID tests in total. Efforts are now in place to have the National Public Health Laboratory as an alternate testing facility.
- The Multi-Purpose Hall has been repurposed into a Field Hospital and officially launched on the 27th of November 2020. It has 56 beds with an additional capacity of 24 beds should the need arises.
- MHMS will be submitting the COVAX application to the Global Alliance for Vaccines and Immunization (GAVI) on the 5th of December 2020 for COVID-19 vaccines.

3. CURRENT SITUATION

- The Government remains committed in implementing strict measures to prevent further potential importation and spread of COVID-19. Priority is to ensure a zero COVID-19 community transmission. The country is currently being successful in containing the disease in the Quarantine Stations.
- Solomon Islands has so far recorded 17 COVID-19 cases. Nine (9) have recovered (returned negative test results). Total number of active cases to date stands at 8. All positive cases are taken care of at the NRH Isolation Ward and monitored on a daily basis.
- Solomon Islands remains under a State of Public Emergency (SOPE) since the declaration of the first SOPE on the 25th of March 2020.
- The National Disaster Council (NDC) Arrangement remains the country's preparedness and response coordination mechanism for the pandemic.
- Solomon Islands through RSIPF maintains safety and security on the Western Border with Papua New Guinea given the potential high-risk area of importation of COVID-19 through this border.
- Western and Choiseul Provinces are managing the Government On-Site Operations Coordination Centre (OSOCC) at Nila, SI-PNG Border on a monthly roster.
- Essential cargo flights are also being done on need- basis to support COVID-19 operations. International trade continues with Honiara and Noro ports operating with strict measures in place for all incoming foreign vessels.

4. SOLOMON ISLANDS GOVERNMENT RESPONSE

4.1 OVERSIGHT COMMITTEE & NATIONAL DISASTER OPERATIONS COMMITTEE

- Oversight Committee (OSC) established by Cabinet to provide strategic advice on a whole-of-government planning and response to COVID-19 maintains its role.
- N-DOC Sector Committees maintains its COVID-19 Preparedness and Responses including addressing broader livelihood and socio-economic impacts.
- N-DOC Health Sector Committee is leading the health aspect of COVID-19 with broader coordination through the N-DOC arrangements.
- N-DOC Camp Management Sector Committee maintains and continue to manage all the SIG approved Quarantine Stations (QS).
- Restriction on movement of small crafts on the Solomon Islands-PNG border is still enforced as part of the Emergency Powers (COVID-19) Regulation 2020 still exist.
- Government through the OSC continues with its weekly Sunday Radio Talk Back Show based on the messaging strategy of 'IUMI TUGETA AGAINST COVID 19'. In addition, the OSC is also conducting "Meet the Press" sessions.
- Prime Minister continues with its weekly address to inform the country of the current SIG responses on COVID-19 and other strategic decisions and actions the Government takes in line with the overall strategy on COVID-19.
- To date, Solomon Islands Government conducted a total of 14 approved repatriation flights using commercial airlines with the recent one on 19th of November 2020. 124 Solomon Islanders and foreign nationals were repatriated. Other proposed repatriation flights are underway with risk assessments also being conducted. All incoming travellers are requested to take heed and comply with the [Joint Travel Advisory No.4](#) which is still in force.

- In anticipation of a potential for lockdown should there be community transmission or some other triggers assessed by MHMS that require a lockdown, a revised lockdown plan based on lessons learnt from previous lockdowns and new triggers identified by MHMS has been endorsed by the OSC on 20th November 2020.
- Communication strategy developed by NEOC with its media stakeholders to ensure the public is aware of the country's lockdown plan is currently rolled out within the Honiara municipality with support from NGOs and other media stakeholders. At present it is specific for the Honiara Declared Emergency Zone but can be adapted by Provinces to suit their circumstances. Key objectives of the communication strategy include:
 1. Inform Solomon Islanders on the key aspects of a lockdown.
 2. Encourage individuals, families and communities to elevate state of preparedness for a lockdown
 3. To reduce the risks of people breaching the lockdown orders. This in turn reduces the stress on the Justice System during and post lockdown.
- Implementation of awareness raising programme on the lockdown plan has started in Honiara and will be extended to Guadalcanal and Central Provinces beginning next week.
- Public Health Emergency Bill consultations has been deferred and will be completed at a later date.
- State of Public Emergency (SOPE) has been extended to another four months. The new SOPE is effective for another four (4) months.

4.2. REPATRIATION FLIGHTS

The 14th approved repatriation flight with 124 passengers was successfully conducted on 19th of November 2020. This brings the total of Solomon Islanders and other foreign nationals to 1300 plus who have entered the country (*Refer to Tables 1 & 2*). This excludes those who have been exempted on cargo flights, military flights and others. Additionally, Solomon Island nationals working in the fisheries sector are also being repatriated through fishing vessels and private charter flights. The Government continue its plans to repatriate Solomon Island nationals, and other foreign nationals exempted to support humanitarian response and other key government priorities.
